

**Title:** Scattering from compact objects: Regge poles and the complex angular momentum method

**Authors:**

Mohamed Ould El Hadj      **ORCID :** <https://orcid.org/0000-0002-8558-7992>  
Tom Stratton                **ORCID :** <https://orcid.org/0000-0002-2936-5404>  
Sam R. Dolan                **ORCID :** <https://orcid.org/0000-0002-4672-6523>

**Corrections corresponding to “Specific Questions and Comments to Address for This Paper”**

[A] - Item Q: All references include complete titles.

[B] - Item 1: WKB is an abbreviation in common use for more than half a century and accepted by PRD.

[C] - Item 2: Ok.

[D] - Item 3: Ok.

[E] - Item 4: Ok.

**Other corrections in the text**

[I] - Line 725: “...CAM formulas to calculated scattering...” has to be changed into “...CAM formulas to calculate scattering ...”.

We thank you for your careful editing of our manuscript.
